

# World Renewal

## The Manual of the Believers Of World Renewal

# Work with Gideons.

The Gideons are a nondenominational group dedicated to spreading the Bible and the good word. You may of seen their bibles in Hotel Rooms or passing out new testaments on the sidewalk or inside of school for all the students.

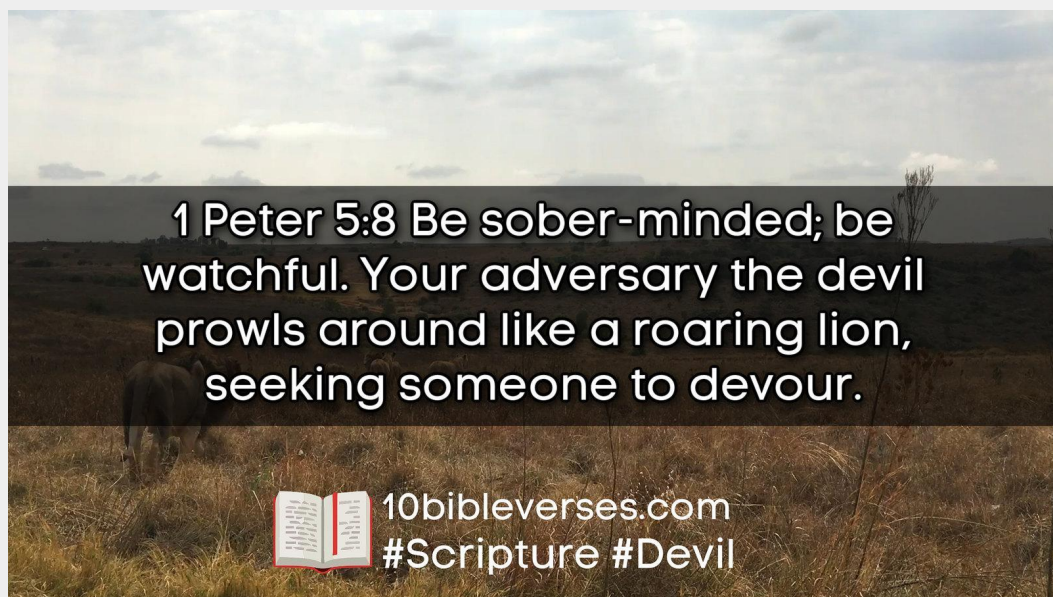

# Be Loyal. Be Trustworthy

We are loyal to our friends and family, even those who don't believe in World Renewal are still ones that we should be out there protecting and keeping safe from bad people and bad spirits in their and our life. Crime, Drugs, Alcohol, and Tobacco are all dangerous things that we or our friends can get addicted to. If they don't believe in World Renewal and aren't saved. We should still be their friend and help them get out of abuse and dangerous thoughts and help them get into Alcohol Anonymous and Narcotics Anonymous or just work with them 1 on 1 and help them fight this abuse. We stand for our brothers and sister just like how God staneds for us.

# Complete Sobriety

All Believers must abstain from the following: Drugs (unless over the counter or prescribed by a doctor), Alcohol, Tobacco, Smoking, Vaping, Over Eating, and people who promote the things that were listed. This is to make sure that people are completely safe and don't do awful things that hurt them and can lead them down a bad life in the future. We need our members and believers to be clean and safe and sinless.

# Read and Preach

All believers must preach the good word when they can, go to community centers and run events where they preach to their community. Or do our practice of soapbox preaching (Going on the stand in the middle of a popular or crowded park and start reading the bible, (Only the following allowed: New World Translation, English Standard Version, and New King James version))
